- IT Company

If you checked any box above you are subject to HIPAA/HITECH regulations. Are you ready to handle Privacy, Security, and Breach Management issues? Do you have the necessary Policies and Procedures and forms? Have you done a Security Risk Assessment and have an ongoing strategy to assess this regularly?

Let Marcus Networking help get these requirements of HIPAA/HITECH "checked off." MNI is a full-service technology and telecommunications company with extensive healthcare experience and expertise. Let us leverage this know-how to make compliance easier for your organization.
